

# EXPLORER/SCIENTIST

What was the discovery that your person made? \_\_\_\_\_

What other discoveries, inventions, movements, or changes were only possible after this was discovered?

- 1.
- 2.
- 3.

How were people's lives changed by the discovery during the time of the discovery?

- 1.
- 2.
- 3.

How is our world different *today* because of this discovery? (What do we have or what exists that wouldn't if it hadn't been discovered?)

What do we have that we wouldn't have? \_\_\_\_\_ How does that impact our lives/world? \_\_\_\_\_
